

# PEWETA Screen Saver

## System Requirements:

Adobe Flash Player Version 11

(<http://www.adobe.com/de/products/flashplayer/>)

Windows 7, Windows XP

## Installation:

in Windows XP, copy „peweta.scr“ into the subdirectory „system32“ of your operating system directory (such as c:\windows\system32). In Windows 7, click „peweta.scr“ with right mousebutton and select „install“. Then select Control Panel/Personalisation/Screen saver and select „peweta“ screen saver.

## Non-liability:

Download, installation and usage of this screen saver is at your own risk. PEWETA KG (GmbH + Co.) will not be held responsible for any damage resulting from the installation and/or the use of this screen saver. Despite up-to-date virus checks liability for any damages or impairment caused by computer viruses is hereby expressly excluded. Claims for restoration, based on whichever reason, are explicitly excluded.

This also applies to claims for restoration of subsequent damages and lost data.
